PRODUCT DETAILS

The Anton Collection offers truly sculptural pieces. Portland concrete is hand-mixed with rainwater and Ramie (a natural grass used for its strength), which is then applied by artisans with scoop and spatula to the formwork. Each piece is then hand-honed to create the smooth, textural finish, the concrete patina will weather beautifully over time. The Ben Soleimani debut outdoor collection was inspired by the natural sun-drenched coastal landscapes of the Italian, French and Spanish Riveras. A modern interpretation incorporating richly textured materials, clean lines and quality craftsmanship from around the globe. Due to the distinctive and original connotation of concrete, each concrete item is unique and may display natural markings and cracks, along with slight color variations due to the casting process. By the nature of the natural material of concrete, extra care is needed to maintain its beauty. Wipe spills immediately to avoid staining. Do not use commercial cleaners not intended for concrete. Use a breathable cover to protect against elements when not in use. Concrete is a natural material, porous in nature. Maintain care for your piece by wiping spills immediately, avoid cleaners not intended for concrete; use a breathable cover during inclement weather. A 50% restocking fee and redelivery fee will be applied to all concrete items that are returned or exchanged for reasons other than the manufacturer's defect or damage.
