Shade Opening - 5"

Canopy - 5" diameter

COLORWAYS

ALABASTER | BRONZE

PRODUCT DETAILS

At once understated and arresting, the Luna Pendant Light celebrates the luminous glow of alabaster with softly rounded curves suspended from a single line of bronze. Subtle markings in neutral tones reminiscent of marble veining lend dimension to the alabaster shade. We strongly recommend the only use of an LED bulb, as heat from an incandescent bulb can damage the alabaster shade.
