CONCRETE | WHITE

PRODUCT DETAILS

Inspired by the much design-revered Senufo milking stool, the Mali is our contemporary interpretation. Cast in a matte grey concrete, we added a gentle curve to the seat to soften the form, it can be used in all weather conditions, both in indoor and outdoor design. Over time it will establish a beautiful patine, only adding to its alluring finish. The Ben Soleimani debut outdoor collection was inspired by the natural sun-drenched coastal landscapes of the Italian, French and Spanish Riveras. A modern interpretation incorporating richly textured materials, clean lines and quality craftsmanship from around the globe. Due to the distinctive and original connotation of concrete, each concrete item is unique and may display natural markings and cracks, along with slight color variations due to the casting process. By the nature of the natural material of concrete, extra care is needed to maintain its beauty. Wipe spills immediately to avoid staining. Do not use commercial cleaners not intended for concrete. Use a breathable cover to protect against elements when not in use. Concrete is a natural material, porous in nature. Maintain care for your piece by wiping spills immediately, avoid cleaners not intended for concrete; use a breathable cover during inclement weather. A 50% restocking fee and redelivery fee will be applied to all concrete items that are returned or exchanged for reasons other than the manufacturer's defect or damage.
