

# BEN SOLEIMANI

## Maris Chandelier

SKU: BC20579

### PRODUCT DETAILS:

The statement-making Maris chandelier light stuns with diffused light that glows through translucent alabaster rounds. Warm brass stems and a sleek center column anchor the luminous alabaster both structurally and visually.

- We strongly recommend the only use of an LED bulb, as heat from an incandescent bulb can damage the alabaster shade.
- Additional extension stems are available on request.
